GIS Resources Python Add-in for ArcMap
---created by Ian Broad

Description:
The GIS Resources Python Add-in adds a toolbar full of useful GIS resources to ArcMap. When you click on one of the buttons, it opens the website in your browser for the resource that was clicked.

Current GIS Resources:

GIS Stackexchange
/r/GIS
ArcPy Documentation
ESRI Forums
Free GIS Data
ArcGIS Online
ESRI UC Paper Sessions
ArcGIS Blog
ESRI Videos

If you'd like an additional GIS Resources added to the toolbar, just send me an email.
